**Quiz #21**

***The Oral Sex Void: When There's Not Enough at Home***

1. Why might married men believe that other couples are having more oral sex than they are?
2. What does oral sex mean to men? How might it be different from a woman's experience of oral sex?
3. In what ways did the women in the Ashley Madison cohort differ from the control group women and the Ashley Madison men?
4. Why do you think the men in this study were unlikely to visit a sex worker to satisfy their appetites for oral sex?
5. Does more frequent sex with a home partner impact the likeliness of engaging in a sexual affair?
